KNOOK KNOB, KNOOK HOOK

HERZOG & DE MEURON, 2023

L'ammirazione di Herzog & de Meuron per l'artigianato della tornitura del legno si trova in numerosi dettagli architettonici incorporati negli edifici passati e presenti. Questa passione è culminata in un'ampia gamma di forme geometriche tornite, tra cui il Knoop knob e hook in marmo e ceramica per Danese Milano. A differenza di altre varianti, questa matericità della pietra offre un nuovo incontro tattile ed è adatta anche per l'uso in zone umide. La forma geometrica, basata su una forma tornita, presenta un profilo curvo che si adatta alla lavorazione e alle caratteristiche del marmo e della ceramica.

Due geometrie semplici, due materiali, marmo e ceramica, una gamma di colori, delineano una collezione di ganci appendiabiti funzionali ed essenziali. Uno ha un incavo più segnato, l'altro è un gancio più allungato per accogliere i diversi accessori e vestiti, ed integrarsi al meglio negli spazi e negli arredi.

Herzog & de Meuron's admiration for woodturning craftsmanship is found in the numerous architectural details incorporated in past and present buildings. This passion has culminated in an extensive range of turned geometric shapes, including the Knoop knob and hook in Marble and Ceramic for Danese Milano.

Unlike other variations, this stone materiality offers a fresh tactile encounter and is also suitable for use in wet areas. The geometric shape, based on a turned form, features a curved outline that is tailored to the processing and characteristics of Marble and Ceramic.

Two simple geometries, two materials, marble and ceramic, a range of colors, outline a collection of coat hooks functional and essential. One has a more marked groove, the other is more elongated hook to accommodate the different accessories and clothes, and integrate better into the spaces and furnishings.

MATERIALE • MATERIAL

Ceramica smaltata colorata, marmo Calacatta venato (bianco) e marmo nero Marquina (nero) •
Glazed coloured ceramic, veined Calacatta marble (white) and black Marquina marble (black)
